

Travel Consulting Company

Assumptions:

- 1. Every consultant belongs to at least one team
- 2. A region may have no team assigned at a given time
- 3. Only current team to region assignemnt is stored

DVD Rental Company

Assumptions

- 1. Categories in movies can be one of the following: Action, Adult, Children, Drama, Horror, Sci-fi
- 2. A branch must employ at least one staff member (manager)
- 3. A member can only have upto 10 rentals at one time
- 4. A branch can only have exactly one staff member whose position is manager
- 5. A member can register, unsubscribe, and re-register again, hence registerDate being a primary key
- 6. Already storing the name of who is renting the dvd in members, hence using memberId as FK. Similar to movie already storing title of movie, hence imdbCode as FK in the dvd entity
